

Midwest Technology Products is a family owned business that specializes in the resell of Industrial Arts, Vocational and Technology equipment and supplies to educators throughout the world. **We are a woman-owned minority business.** We celebrated our 100 year anniversary in 2009.

We believe that educators want to do business with us because we have never compromised our business strategy

- Offer only name brand, quality products at a fair price.
- Maintain an experienced staff that can “talk the talk”. We are proud to boast that many of our business dealings have created lifelong personal relationships.
- Be a great listener. Every customer is unique. We make every effort to accommodate your special needs and requests.
- Customer Service is our foundation. Everybody says it, we have perfected it!
There is nothing more important to us than your satisfaction.

We have a 500 page catalog. It showcases over 10,000 products from 200 vendors including Black & Decker, Bally Block, Cooper Tools, Flexible Furniture, Miller Electric, Norton Abrasives, Bosch, Shain Shop-Bilt, Stanley and WMH Tool Group. Our web site **www.midwesttechnology.com** provides you with online access to all of our products and includes our catalog in a PDF format.

Our business headquarters and warehouse are in Sioux City, Iowa. We provide face to face service in most areas of the United States. We provide installation service at your request. If you are involved in a new construction or renovation project, involving an Industrial Arts Lab, we can make recommendations concerning the layout and equipment requirements.

We are grateful to have the opportunity to be one of your business partners. If you're in need of products and services for any of the categories listed below, we can help.
